VI. Pertinent Bankruptcy Experience And Training

I specialize in bankruptcy and commercial litigation. Prior to joining my current firm, I was a counsel in the Business and Financial Restructuring Department of Weil, Gotshal & Manges. I have more than 30 years litigation experience in federal and state courts and in arbitration, including trial and appellate work. Much of my litigation experience has been bankruptcy-related including representing trustees, debtors and creditors. In addition to handling many diverse bankruptcy matters, I have prosecuted and defended, and have supervised the prosecution and defense of, well over 2,000 preference actions. I am likewise very familiar with the mediation process in bankruptcy, having participated in and conducted numerous bankruptcy mediations.

VII Other General Pertinent Experience

Prior to attending law school, I received a Master’s Degree in Social Work from Columbia University and worked in the field for four years. I strongly believe my professional social work training and experience have provided me with certain skills uniquely suited to mediation, and contributed to the successful outcomes I have achieved so far.
