This matter is before the Court upon the application and request by Wai Laam Lui (the “Applicant”) for exemption from the fees imposed by the Electronic Public Access Fee Schedule adopted by the Judicial Conference of the United States Courts.

The Court finds, based upon the attached letter received on March 12, 2025, that the Applicant has demonstrated that an exemption is necessary in order to avoid unreasonable burdens and to promote public access to information.

Accordingly, the Applicant shall be exempt from the payment of fees for access via PACER to the electronic case files maintained in this Court to the extent such use is incurred in connection with the project described in the attached letter and application. The Applicant shall not be exempt from the payment of fees incurred in connection with other uses of the PACER system in this Court.

Additionally, the following limitations apply:

1. This fee exemption applies only to the Applicant, and is valid only for the purposes stated above.
2. This fee exemption applies only to the electronic case files of this Court that are available through the PACER system;
3. By accepting this exemption, the Applicant agrees not to sell for profit any data obtained as a result of receiving this exemption.
4. This exemption is valid from March 12, 2025 through May 30, 2025.

This exemption may be revoked at the discretion of the Court at any time. A copy of this Order shall be sent to the PACER Service Center.

3.) Please summarize why the case information from the Public Access to Court Electronic Records (PACER) service is needed and how it will be used. Also, please explain why an exemption from the courts identified is necessary. If you need more space, please provide in an attachment.

I am conducting a research project that examines the composition and impact of ad hoc creditor groups in large Chapter 11 bankruptcy proceedings. In this research, I need to examine a significant number of dockets filed by many constituents of the proceedings, including the debtor, official creditor committees, ad hoc committees, and the court. From docket contents, I aim to (1) extract the composition of ad hoc groups, (2) document and categorize their actions and positions, and (3) analyze their impact on court dynamics, especially regarding valuations. The dockets are the authoritative and exclusive source for such research.

Large bankruptcy cases routinely log hundreds if not thousands of docket filings, and many key documents such as plans of reorganization, motions, and evidence and testimony exhibits, could routinely span hundreds of pages as well. Consequently, just in a single major case, the documents that may harbor relevant information could reach thousands if not tens of thousands of pages. In aggregate, studying many large cases will incur prohibitive costs if not given an exemption.

4.) In support of this application, I affirm the following:

- a) An exemption from the Judicial Conference's EPA Fee is necessary in order to avoid unreasonable burdens and to promote public access to information.
- b) That the exemption will be for a definitive period of time: Mar. 4, 2025 through May 21, 2025
- c) I understand that this fee exemption will apply only to me, will be valid only for the purposes stated above, and will apply only to the electronic case files of the court(s) indicated above that are available through the PACER service.
- d) I agree that any data received through this exemption will not be sold for profit, will not be transferred, will not be used for commercial purposes, and will not be redistributed via the Internet.

**Declaration:** I declare that all the above information is true and understand that a false statement ☒ may result in termination of my exempt access and an assessment of Electronic Public Access usage fees. (The box must be marked or your request will not be considered)
