This matter is before the Court upon the application and request by Alice Liang Xu (the “Applicant”) for exemption from the fees imposed by the Electronic Public Access Fee Schedule adopted by the Judicial Conference of the United States Courts.

The Court finds, based upon the attached letter received on April 24, 2025, that the Applicant has demonstrated that an exemption is necessary in order to avoid unreasonable burdens and to promote public access to information.

Accordingly, the Applicant shall be exempt from the payment of fees for access via PACER to the electronic case files maintained in this Court to the extent such use is incurred in connection with the project described in the attached letter and application. The Applicant shall not be exempt from the payment of fees incurred in connection with other uses of the PACER system in this Court.

Additionally, the following limitations apply:

1. This fee exemption applies only to the Applicant, and is valid only for the purposes stated above.
2. This fee exemption applies only to the electronic case files of this Court that are available through the PACER system;
3. By accepting this exemption, the Applicant agrees not to sell for profit any data obtained as a result of receiving this exemption.
4. This exemption is valid from April 25, 2025 through June 25, 2025.

This exemption may be revoked at the discretion of the Court at any time. A copy of this Order shall be sent to the PACER Service Center.

3.) Please summarize why the case information from the Public Access to Court Electronic Records (PACER) service is needed and how it will be used. Also, please explain why an exemption from the courts identified is necessary. If you need more space, please provide in an attachment.

Access to case information from PACER on corporate bankruptcy filings is essential for our research in accounting, as it provides detailed disclosures that help reduce information asymmetry between the informed party proposing the reorganization plan and the less informed, diverse set of claimants. Our research spans multiple projects that leverage disclosure statements from bankruptcy cases to examine corporate financial distress, governance practices, and the broader economic implications of bankruptcies. Our objective is to extract meaningful insights into corporate behavior during financial crises, thereby contributing to a deeper understanding of risk management strategies and legal outcomes within the field of accounting. To achieve this, an exemption from the identified courts is critical for ensuring cost-effective and uninterrupted access to the substantial volume of court data required for our studies. Given the scale of our research and the frequency with which PACER data must be accessed, the associated
