

Please be assured that the United States Bankruptcy Court for the Southern District of New York remains operational and will continue its mission to serve the public and its constituents. Below you will find photos of the signage and enclosure that has been constructed around the entrance to the Court on One Bowling Green and Whitehall Street. Please follow the posted signs to access the Court entrance at One Bowling Green.

WATER INFILTRATION REMEDIATION PROJECT

The Water Infiltration Remediation Project at the Alexander Hamilton US Custom House aims to address extensive damage from Hurricane Sandy in 2012 by installing new waterproofing materials around the perimeter and reinforcing the facility's subfloors to prevent future water infiltration.
